

MuleShield AI

Empowering The Digital Defenders

INTERNSHIP OFFER LETTER

To:

RUDRAKUMAR CHETANKUMAR JOSHI

Congratulations!

We are pleased to inform you that you have been successfully selected for Cyber Security & Ethical Hacking Internship Program at MuleShield AI.

This internship has been carefully designed to emphasize practical learning and real-world implementation, enabling you to build strong technical foundations and industry-relevant skills within your chosen domain.

During the internship, you will engage in:

- Hands-on, project-based learning aligned with industry standards
- Practical exposure to real-world problem-solving and workflows
- Portfolio-ready project development suitable for professional platforms
- Developing discipline, consistency, and a professional mindset

The internship will be conducted in virtual mode from 20 July 2026 to 20 August 2026. Active participation and a learning-oriented approach are expected throughout the duration of the program.

We wish you a productive and successful internship journey with MuleShield AI.

Best Regards,

MuleShield AI
